REMEMBERING

Merinda Arrowood
Spring Formal Queen

Lori Schaffer
Senior Attendant

"Spring Daze," the week of the Spring Formal, was filled with events ranging from bowling and movies to Webb Jam II on Friday, April 20, 1990. The concert was given by Beatlemania.

April 21st was a magical night for Gardner-Webb students. Romance and excitement filled the air as students and friends donned their finest attire to spend the evening dining out at elegant restaurants and dancing into the night. The highlight of the evening was crowning of the queen, Merinda Arrowood.

The Best Four Years

A class of 19?? takes a moment to have one final picture made.

to remember their years here at the Web.

Ceremonies for the 1990 graduates was held on May 5, in the Lutz-Yelton Convocation Center. On this glorious day, not only was the sun shining brightly in the sky, but on the faces of the graduates. This was the time to be proud of their many accomplishments and to say "I made it!"

Stepping across that platform not only meant receiving their diplomas, but closing a chapter in their lives. They were leaving behind the carefree innocence of growth and moving forward to the reality and responsibility of adulthood. Holding back the tears, they made the time to remember their years here at the Web.

Mike Loftis, Chuck Lynch, and Rhonda Patton look to Karen Martin for a smile for confidence.

Time to relax and think about "What comes next?"

THE BEST IN

Dr. Aikens hard at work.

Don't you people think you should be writing this down?

I don't know Wendy, this doesn't look quite right.

Sue Camp and Barbara Selph would make a good team!

ACADEMICS

I have to finish my observatory before class starts!

Looks like Stowe would let us go outside, like those people in the bottom picture!

I really didn't understand question two; could you go over it with me?

Don't you just love having class outside!

MEMORIES OF

THE BEST

Being the Best

If you think *you* are hot, try wearing this suit.

Look out! Here we come! (upper right)

Every season has its sports. Gardner-Webb students — men and women — participate in a variety of individual and team activities bringing excitement and the spirit of competition to the spectators.

Take that!

Oh no! We lost the ball!

Back to the other end again?

Let's Go Bulldogs!

Can we *all* be pinch hitters? (below)

I got it!

Hey? Is anyone back there?

The Best

I wonder what they're having for desert?

"Well Ron, it's like this . . . "

Just hanging out with the guys.

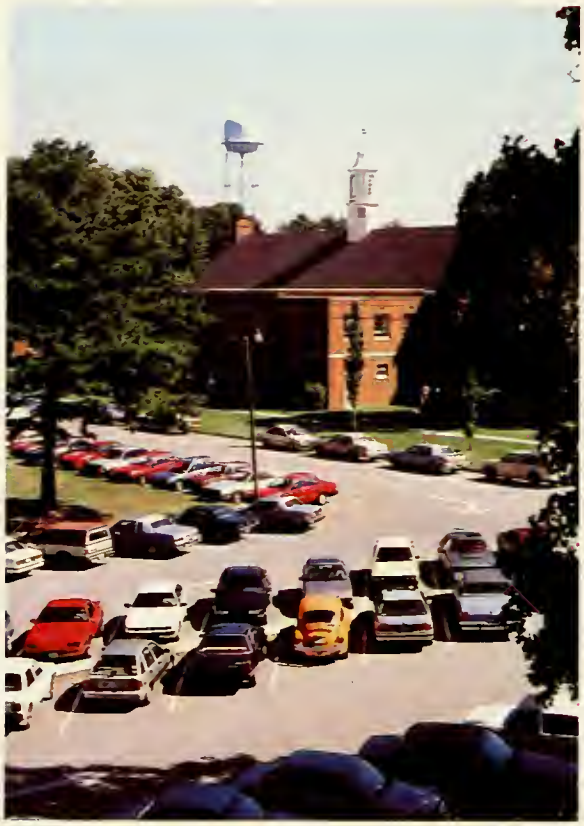
On Campus

Headed for the Snack Shop!

Heather Bowers and Chris Ruppe escape together.

Burdette Robinson checks on Yafet's religion.

The Best



I bet it isn't the weekend!

How ya doin'?

Buying books.

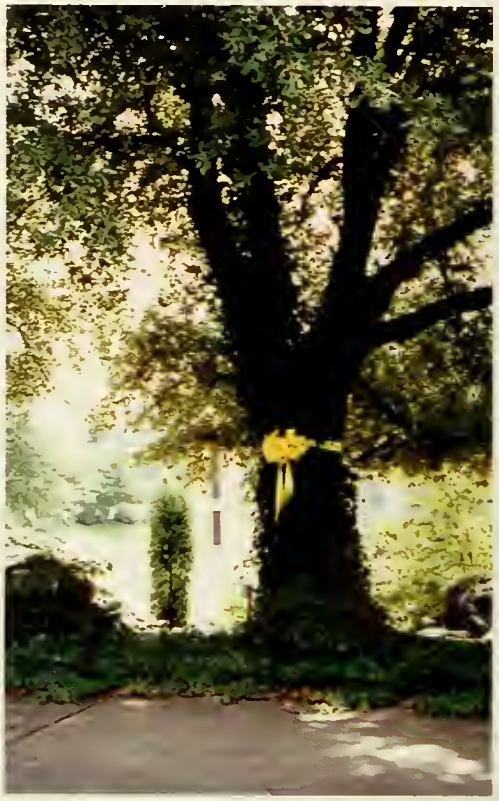
At Play

What a joke!

Freshman Love! Will it last?

The legend at work!

Supporting the Best



The yellow ribbons placed around the campus were a part of the nation's support for the troops in the Middle East. The ribbons were tied to gates, doors, even on car antennas. The ribbons on campus were done by Jennifer Norman, Dawn Jestes, Karen Martin, and Audrey Sloan. They will remain a part of our memories forever, because of the crisis' effect on each of us.

Changing for the Best

The cafeteria. Before . . . The way to get close, even if you didn't want to!

Thanks goes to the fearless workers, both on the ground and many steps up.

Gardner-Webb has gone through many changes during the 1990-1991 school year. When the students returned in the fall, we found a new look in the cafeteria. We now have the option of eating on the mezzanine of the cafeteria, and looking down to see everyone. Finally, there is room to enjoy meals with a relaxed, less crowded atmosphere.

Renovations have also been going on in the rest of the Dover Campus Center. Work has been done to make lounges larger and more comfortable and office space accommodating for the staff.

We have a new way to see the stars, through our new observatory. The observatory will give the students a chance to learn more about our universe.

The cafeteria . . . A new view from above.

The Observatory. The closest we'll get to the stars.

As J.V. cheerleaders, Kathy and Meribeth show how freshmen get involved.

Friendships like these will last forever.

Each August, Gardner-Webb College is floded with freshmen students and their families. There is plenty of excitement and nervousness. For most, this is their first time away from home. However, the friends and experiences from their college years will be with them for the rest of their lives. They will learn, and have fun, too.

In the world we live in today, it is almost a necessity to possess a college education. Most high school students plan their lives around this goal. However, what about those people who graduated from high school several years ago? Or even those who have a degree that is not what they need to achieve a better job?

These people get help through the Gardner-Webb GOAL program and graduate program. The GOAL program allows adults to attain a college degree through an area community college, allowing them to continue their jobs. The graduate program offers upper-level programs in classes ranging from business to education to fine arts.

Offering help to those who need it is part of what Gardner-Webb does BEST!

DO YOU REMEMBER . . .

. . . when we thought these times would last forever and we were happy with it that way?

WAR RAGES IN THE PERSIAN GULF

Tony McKnight

Nancy Woollard

John Miller (Not Pictured)

On January 16, 1991 at 6:30 p.m. (EST), the war in the Persian Gulf officially began. Allies dropped the first bombs on Iraq as Americans were glued to their TV sets. Another generations of Americans was plunged into the realities of war.

The war hit Gardner-Webb just as hard as the rest of the nation. In the fall, three Gardner-Webb students had already been sent to the Middle East. Junior Tony McKnight, Sophomore John Miller, and Senior Nancy Woollard were already there and their well-being was on the minds of everyone who knew them, and even those who didn't. Also in the minds of the students were family members, such as Lynn Britt's husband, Kenny.

The early reports of the war brought a sense of euphoria to the people watching all three major networks and CNN for the latest. The allied pilots were pounding Saddam Hussein's forces, who were offering little resistance. Coverage was continuous through January 18 on all three networks, pre-empting the regularly-scheduled programs.

But the war was just beginning. Iraqi SCUD missiles were fired into Tel Aviv and Jerusalem in Israel and Riyadh in Saudi Arabia. Most were shot down by American Patriot missiles, but some hit their targets, with the threat of possible chemical warheads.

The war continues with minimal American casualties, for now. The Iraqis are trying different maneuvers from moving tanks to along the Kuwaiti border to creating an oil spill in the Persian Gulf and setting it afire. For Gardner-Webb, the continuing war brings more concern. Several members of the GWC student body and staff face the task of being shipped to the Middle East. Those include Dr. Frank Bonner, head football coach Woody Fish, Dean Evan Thompson, Joe Hough, and Marty White, and other students.

All we can do now is *support* our troops and pray for them, for peace, for the world.

STUDENT LIFE:

A Tradition of Excellence

Homecoming '90 — "A Tradition of Excellence" — began as everyone returned from Fall Break with "Skating at Kate's" on Wednesday. Jill Galloway won in the Blizzard of Bucks. Friday brought the *Creature from the Black Lagoon* in 3D. "The Hunt for Green October" yielded Dan Mauney and Kim Woodruff $50 after they figured out the clues and found the money at the fire hydrant near the chapel.

On Saturday, students, alumni, faculty, and the community came out for the parade and the football game. The floats showed off the creativity of Gardner-Webb's students.

Halftime at the football game was awaited with much anticipation. Lana Chambers was crowned Homecoming Queen with a court of Donna Pritchard, Mary Metcalf, Angela Lamb, and Katie Stallings. Homecoming '90 was a memorable time for all.

At the top of the heap! (above)

GWC STUDENTS BECOME ALCOHOL AWARE

In early October, Gardner-Webb held an Alcohol Awareness Week to educate the students on alcohol consumption and drinking and driving. An awareness fair was held in the concourse of the LYCC with several campus groups having booths. A wrecked car sat out front as a reminder of the cost of drinking and driving. Mocktails were served inside and M&M's given to students as they took an alcohol awareness quiz. Red ribbons were also passed out at the fair and around campus.

The fair was a success. It is important to know the facts and the Alcohol Awareness Week helped to provide information on this difficult subject.

Rescue squad workers show the effects of drinking and driving.

John Faunville smiles while giving away M&M's to students who take an alcohol awareness quiz.

Lara Self takes time to become "alcohol aware."

Everyone gets involved in Alcohol Awareness Week.

. . . And after the classes are over . . .

Going to SEA movies is a favorite pastime.

Sean, sit down and watch the game!

Brian, the Brimaster, Bri a ring a ding ding, the copier's broken.

Even the faculty like to get away from the classes and talk junk, right Hambright?

GWC THEATRE SALUTES CLEVELAND COUNTY WITH . . .

Maurine (Dawn Jestes) and Phil Elliott (Chris Glaves) discuss Gardner-Webb over morning coffee.

A dinner party at the Elliotts'.

Miss Kathleen (Jennifer Norman) presents President Elliott with his morning mail.

1991 saw the sesquicentennial celebration for Cleveland County. Gardner-Webb got into the act to celebrate . . . literally.

February 21-25, the Gardner-Webb theatre presented "A Time for Singing," a play written by a former professor about the birth of the college. C. Robert Jones, who attended most of the performances, wrote the play in 1980 in honor of the 75th anniversary of the college.

The play is the story of 0. Max Gardner and his influence on the small struggling Boiling Springs Junior College. He brings professor Phil Elliott into the picture, who becomes the first president of the newly-named Gardner-Webb College. The play brought the history of the college to life.

The play was well received by Gardner-Webb students and community people alike. It brought back things many people had forgotten and gave the students insight as to what made the college and how it began.

Round one begins between 0. Max Gardner (R. Shawn Lewis) and his son Decker (Joe Hough).

Mary Greene (Paula Jacobsen) sings of "Cinderella's Waltz" to Max Gardner (R. Shawn Lewis) and President Phil Elliott (Chris Glaves).

Faye Webb Gardner (Janet Roebuck) drops in on Max at the office with Alice Smith (Karen Martin) and Fred Morrison (Wayne Johnson).

An afternoon on the front porch of Webbly with Max, Horace Easom (Brian Nicholson), Phil, and Decker Gardner (Joe Hough).

Maurine (Dawn Jestes) hard at work on those curtains again.

THE CAST: Front (L-R) Paula Jacobsen (Mary Greene), Janet Roebuck (Faye Webb Gardner), Dawn Jestes (Maurine Elliott). Back (L-R) Jennifer Norman (Miss Kathleen), Joe Hough (Decker Gardner), Brian Nicholson (Horace Easom), R. Shawn Lewis (O. Max Gardner), Chris Glaves (Phil Elliott), Wayne Johnson (Fred Morrison), Karen Martin (Alice Smith).

The loyal GWC fans cheer on their team.

The referee makes his call.

Gardner-Webb goes up against Catawba.

FOOTBALL

Well Coach, who goes in next?

Coach Fish ponders the next play.

Mark Ackerman and Coach Dowd discuss what to do next.

RUNNIN' BULLDOGS

Anticipation rises as David Jolley serves the ball into the goal area.

Jorge Lopez steps in to deny a ball.

After scoring 25 goals, Dennis Puckerin wa named first team all district and SAC Conferenc player of the year.

On the attack, Jason Barnes moves forward with the ball.

The 1990 Gardner-Webb College Soccer Team planted a firm foundation in the future. The team's strength was its ability to score. This was enough to put them 3rd in the district in scoring.

The ability to defend the goal also took hold this season. The team only allowed 41 goals as compared to last seasons' 91 goals allowed. Another factor in the reduction of goals was the superb job done by the goalkeeper.

The 1990 Runnin' Bulldogs received recognition for their efforts. First team All-South Atlantic Conference honors went to Dennis Puckerin, Lennox Charles, Jorge Lopez, and second team honors went to Richar Jones. The soccer program ca boast of having the Conferenc Player of the year, Denni Puckerin, and Conference Coac of the year, Tony Setzer.

Coach Setzer has been pleased with the performance of this first-year team. The woman's sport is "growing like wildfire" in the region, and GWC is already competitive. Kathy Ayotte and Kelly Holland made All District this year; Dianne & Debbie Ford and Ellen McCann made All Conference.

Setzer expects continued growth in the team but is hampered in recruiting by a lack of Scholarship money. Carson-Newman and Wingate are expected to add the sport, which drew more fans this year than did the men's version.

Student Development

This year began with a restructuring of the administration. Dr. Blackburn assumed responsibility for academics, and Mr. Scott accepted the task of guiding student development, including athletics. Both are assisted by Dr. Bonner, who provides leadership in the two areas.

Mr. Dixon and Mr. Clary continue to manage the public relations and financial elements of the college.

We have seen a complete renovation of the Dover Campus Center, improvements in housing and grounds, and a continuation of academic improvements. The Williams Observatory opened, the Honors Program grew, and we added several new athletic teams. Visitors are greeted by an improved front entrance and new sign.

Dr. Blackburn maintains a high degree of involvement in college life

Mr. Clary helps Ms. Coggins understand his files — or is it the other way around?

A welcome addition this year, Judy Walke tackles one problem at a time in the registrar's office

The Future of Gardner-Webb

Dr. M. Christopher White spends some rare desk time in his relentless effort to bring GWC financial stability and high visibility.

His goal is a complete and competitive institution, in athletics and in academics. Dr. White provides the guidance and encouragement for the Vice Presidents, who oversee the daily operation of the college. The major part of his time, however, is consumed in development, representing GWC to the variety of people and groups whose support provides us with the resources that we need.

Tracy Jessup assists Dr. White with grace and diplomacy.

Kitty Eeds provides The Answer — *who, what, when, where* and sometimes *how*.

Linda White often helps in design matters on campus. She is responsible for many of the more pleasing arrangements in our environment.

Playing a piano, Dr. White's hobby, requires concentration and dedication, attributes of the job.

The Davis School of Nursing is a two year program offering an Associate of Arts degree through Gardner-Webb College. The school also offers a program through an outside hospital to attain a Bachelor of Science degree in Nursing for registered nurses and other upper level students.

The study is tough and the classes are difficult, but for the student who is striving to be in the health field, it is an opportunity that can't be missed. The qualified staff prepares the nurses of tomorrow in the classrooms today.

Do you really want to be a teacher? When we said "getting down to basics," this is more than we expected!

One of the most important assets we have for the future is our children. To assure a good future, we must educate our children today.

The education department of Gardner-Webb is dedicated to producing the best teachers to prepare our children for the future. By offering majors at both the elementary level and the high school level, GWC is planning for all aspects of a child's life. The basics are taught, from how to do a good bulletin board to Fundamentals of Curriculum. With the proper concentration in the desired level, the teachers that we produce today will be ready for any challenge presented to them. Not pictured: Dr. William Sugg.

We work each day to build our future, but first we must learn about our past. If the ancient origins of the world or women's role in history interests you, then Mrs. Ellington's class is the one. If it's presidents or the Civil War that you like, then it's Eastman all the way. The answers to questions about our government come from Dr. Hambright. Mr. Jolley teaches us about our society and how to handle marriage and family. Each professor in the Social Sciences department takes the time to get to know each students. They are always ready and willing to help, because we are our country's tomorrow.

Advisor — Dr. Bill Stowe
Thanks:
Dr. Bill Stowe — for doing everything, being everything, and not giving up on us.
Security — for always making sure we're still alive over here at all hours of the night.
"Flounder" Lewis — for doing the directory twenty million times with twenty million changes and a temperamental computer.
Tim Vaughan — for the pictures that we needed yesterday and forgot until today.
Elaine Ashley — for telling us who was doing what and where to find everyone.
Dr. Dan Proctor — for once again giving us a classification list of EVERYBODY.
Judy Walker, Dorethia Miller, & the entire Registrar's Office — for letting us bother you over and over to get what we needed.
Miss Lillian and Miss Joyce — for trying to clean up after us when it was a hopeless cause.
Dawn Camp — for letting us use info from The Pilot to make things complete.
Michael Beshears — for saving me when I couldn't find any one else.
Nathan Alexander — for producing the pictures that no one else could get.
John Brock — for the pictures of the plays.
Lynn Britt — for the pictures and the help.
Holly, Kim and Julie — without you, I would have gone nuts long before; you kept me sane and kept a few people from being strangled. Thanks.

But, hallelujah, it's over!
